Subject Index to Volume 185 (January-June 1977)

A

Abdominal aortic aneurysmectomy, incidence and significance of intra-operative bacterial cultures during, 626
Acid Absorption, in the canine duodenum, 481
Acute respiratory distress syndrome, hypertonic mannitol in the therapy of the, 619
Adenomas, mediastinal parathyroid, the blood supply of, 488
Adrenal pheochromocytomas, and cervical, simultaneous, in childhood, 273
Allopurinol, clinical effect of, on preserved kidneys. A randomized double-blind study, 128
Amino acid source, evaluation of a new, for use in parenteral nutrition, 153
Angiography, right heart, the role of, in the management of selected cases, Wilms' tumor, 451
Antigenemia, HBs, in renal allograft recipients, 411
Antithrombin III, postosplenectomy mesenteric venous thrombosis, deficiency causing, coincident with thrombocytopenia, 229
Aortic coarctation, hypertension of, the role of renal and other factors, 423
Aortic reconstructive surgery, abdominal, late complications of, roentgen evaluation, 326
Aortic valve replacement, concomitant, and myocardial revascularization, 713
Appendicitis, perforated, current experience in a childrens hospital, 84
Apudomas, current status of, 1
Arteries, pulmonary and systemic, bullet emboli in the, 318
Arteriovenous malformation, chronic gastrointestinal bleeding in, 116
Ascites, pancreatic, endoscopic pancreatography in a patient with, preoperative demonstration of pancreatic fistula by, 232

B

Bacteremia, experimental, metabolic effects of, 475
Bile drainage, percutaneous transhepatic, 111
Bile salt metabolism, jejunoileal bypass following, for morbid obesity, 67
Bile secretory physiology, repeated study of, evaluation of a new monkey model for the, 349
Biliary bacteria, and hepatic histopathologic changes, in gallstone disease, 593
Biliary tract disease, cholecystostomy in the high risk patient with, 185
Biliary tract, fibrin clots in the, formation and fate of, 356
Biopsies, breast, out-patient, 543
Bleeding, chronic gastrointestinal, arteriovenous malformation in, 116
upper gastrointestinal, emergency diagnosis of, by fiberoptic endoscopy, 367
Blood, autologous, in the treatment of intraoperative hemorrhage, 321
Blood coagulation, congenital disorders of, surgery in patients with, 290
Blood flow measurement, hepatic. A comparison of the indocyanine green and electromagnetic techniques in normal and abnormal flow states in the dog, 58
Blood transfusion, pulmonary microembolism and, pulmonary function and structure due to, progression and resolution of changes in, 92
Bowel resection, effect of 50% distal small, on gastric emptying in rhesus monkeys, 214
Breast biopsies, out-patient, 543
Breast carcinoma patients, breast cyst fluid protein detectable in the, evaluation of a, 279
Breast cyst, during pregnancy, carcinoma arising in the wall of a, 247
Breast cyst fluid protein, evaluation of a, in the plasma of breast carcinoma patients, 279
Breast, lobular carcinoma of the, an overview, 377
Breast region, primary melanoma of skin, 17
Bullet emboli, in the pulmonary and systemic arteries, 318
Burned limb, circumferentially, sequential circulatory changes in the, 391
Burns, smoke, inhalation injury, and the natural history of, in fire victims. A correlation of experimental and clinical data, 100
Bypass, small, bowel, jejunal intussusception following, for morbid obesity, 386

C

Cancer Control, the surgeon, genetics and, the cancer family syndrome, 435
Cancer family syndrome, the surgeon, genetics and cancer control, 435
Cancer, stomach, fluorinated pyrimidines as an adjuvant to surgical treatment for, protracted oral chemotherapy with, 462

surgical treatment of, of the pancreas and periampullary region, cumulative results in 57 institutions in Japan, 52
Carbohydrate and fat intake, effect of, on nitrogen excretion during total intravenous feeding, 417
Carcinoma, arising in the wall of a breast cyst, during pregnancy, 247
lobular, of the breast, an overview, 377
management of, of the thyroid, 133
rectal, sexual potency following surgery for, 295
Carotid endarterectomy, neurologic complications as related to surgical techniques, 678
CEA, monitoring, palliative treatment of, for colorectal carcinoma, 23
Cervical pheochromocytomas, and adrenal, simultaneous, in childhood, 273
Chemotherapy, of sarcomas of the limbs by regional perfusion, 555
protracted oral, with fluorinated pyrimidines as an adjuvant to surgical treatment for stomach cancer, 462
Cholangiography, percutaneous transhepatic, hemobilia following, 235
Cholecystostomy, in the high risk patient, with bilary tract disease, 185
Circulatory changes, sequential, in the circumferentially burned limb, 391
Clots, fibrin, formation and fate of, in the biliary tract, 356
Coarctation, aortic, hypertension of, the role of renal and other factors, 423
Colorectal carcinoma, CEA monitoring of palliative treatment for, 23
Common duct stones, primary, 598
Coronary stenosis, left main, surgery for, preoperative intra-aortic balloon support in, 242
Cranial nerve injury, during carotid endarterectomy, 192
Cushing's disease, surgical experience with, 524
Cyst, breast, during pregnancy, carcinoma arising in the wall of a, 247
fluid protein, breast, evaluation of a, in the plasma of breast carcinoma patients, 279
pancreatic, the diagnosis of, by endoscopic retrograde pancreatography, and ultrasonic scanning, 286

D

Deformities, vascular, congenital mixed, of the lower limbs, the relevance of lymphatic abnormalities to their diagnosis and treatment, 162
Distal spleno-renal shunt, results of a modified, for portal hypertension, 224
Distal splenorenal shunt, the effect of, on hypersplenism, 605
Diverticulitis, in women, an unappreciated clinical presentation, 402
perforation with, into the peritoneal cavity, 80
Diverticulum, intraluminal duodenal, in the adult, 147
Dog, a comparison of the indocyanine green and electromagnetic techniques in normal and abnormal flow states in the, hepatic blood flow measurement, 58
Duodenal diverticulum, intraluminal, in the adult, 147
Duodenal ulcer, perforated, managed by proximal gastric vagotomy and suture plication, 656
Duodenum, canine, acid absorption in the, 481

E

Elastic tissue dysplasia, of the internal carotid artery, 684
Endarectomy, carotid, neurologic complications as related to surgical techniques, 678
Endarterectomy, carotid, cranial nerve injury during, 192
Endoscopic pancreatography, preoperative demonstration of pancreatic fistula by, in a patient with pancreatic ascites, 232
Endoscopy, fiberoptic, emergency diagnosis of upper gastrointestinal bleeding by, 267
Enterocolitis, with peritonitis, in a child with pheochromocytoma, 448
Esophago-respiratory fistulae, malignant palliation of, by permanent indwelling prosthetic tube, 88
Estrogen support, long term, the impact of, after hysterectomy, 574

F

Fatty acid deficiency, essential, in surgical patients, 535
Fibrin clots, formation and fate of, in the biliary tract, 356
Fistula, gastric, following splenectomy, its causes and prevention, 210
malignant esophago-respiratory, palliation of, by permanent indwelling prosthetic tube, 88
pancreatic, preoperative demonstration of, in a patient with pancreatic ascites, by endoscopic pancreatography, 232

G

Gallstone disease, biliary bacteria and hepatic histopathologic changes in, 593
Gangrene, of toes, with normal peripheral pulses, 269
Gardner's syndrome, periampullary malignancy in, 565
Gastric devascularization, a useful salvage procedure for massive hemorrhagic gastritis, 649

Gastric emptying, effect of 50% distal small bowel resection on, in rhesus monkeys, 214
Gastric fistula, following splenectomy, its cause and prevention, 210
Gastric ulcer, the surgically treated chronic, an extended followup, 205
Gastric vagotomy, proximal perforated duodenal ulcer managed by, and suture plication, 656
Gastrointestinal adaptation, following small bowel bypass for obesity, 642
Gastrointestinal bleeding, chronic, arteriovenous malformation in, 116
upper, emergency diagnosis of, by fiberoptic endoscopy, 267
Groin, disection, following incontinuity and discontinuity, comparison of lymphedema, 13

H

HBs antigenemia, in renal allograft recipients, 411
Hemobilia, following percutaneous transhepatic cholangiography, 235
nonoperative management of, 335
Hemorrhage, intraoperative, autologous blood in the treatment of, 321
Hepatectomy, hepatic regeneration following, insulin requirements for, 35
Hepatic histopathologic changes, biliary bacteria and, in gallstone disease, 593
Hepatic regeneration, insulin requirements for, following hepatectomy, 35
Hepatic trauma, selectivity in the management of, 613
Hepatic tumors, tumor vascularity as a prognostic factor for, 31
Hyperparathyroidism, primary, the surgical treatment of, a twenty-year experience, 518
Hypersplenism, the effect of the distal splenorenal shunt on, 605
Hypertension, of aortic coarctation, the role of renal and other factors, 423
portal, modified distal spleno-renal shunt for, results of a, 224
Hypertonic mannitol, in the therapy of the acute respiratory distress syndrome, 619
Hypoglycemia, neonatal and infantile, due to insulin excess, new aspects of diagnosis and surgical management, 505
Hypoxic and hypovolemic puppy. Microcirculatory changes in the lung of the, 311
Hysterectomy, long term estrogen support after, the impact of, 574

I

Ileostomy, the reservoir, early experience with 54 patients, 179
Immunosuppressive polypeptide, circulating, association of a, with operative and accidental trauma, 73
Infection, wound, postoperative, 264
Infections, environmental air, and airborne, 219
Inhalation injury, smoke, burns and the natural history of, in fire victims, a correlation of experimental and clinical data, 100
Insulin excess, neonatal and infantile hypoglycemia due to, new aspects of diagnosis and surgical management, 505
Insulin requirements, for hepatic regeneration following hepatectomy, 35
Internal carotid artery, elastic tissue dysplasia of the, 684
Intestines, toothpick perforation of the, 64
Intra-aortic balloon support, preoperative, in surgery for left main coronary stenosis, 242
Intra-operative bacterial cultures, incidence and significance of, during abdominal aortic aneurysmectomy, 626
Intussusception, jejunal, following small bowel bypass for morbid obesity, 386

K

Kidney transplants, 100 sibling, followed 2 to 7½ years, a multifactorial analysis, 196
Kidneys, preserved, clinical effect of allopurinol on, a randomized double blind study, 128
Kim-Ray Greenfield vena caval filter, clinical experience with the, 692

L

Leveen shunt patency, radionuclide assessment of, 145
Lower limbs, congenital mixed vascular deformities of the, the relevance of lymphatic abnormalities to their diagnosis and treatment, 162
Lung, microcirculatory changes in the, of the hypoxic and hypovolemic puppy, 311
Lymphedema, following incontinuity and discontinuity groin disection, comparison of, 13

M

Malignancy, periampullary, in Gardner's syndrome, 565
Malnutrition, immunodepression due to, the effects of total parenteral nutrition on, 467
Melanoma, primary, of skin, on the breast region, 17
Membrane oxygenator, microporous, respiratory characteristics of a, 397
Menetrier's disease, a clinicopathologic study of six cases, 456

Metabolic effects, of experimental bacteremia, 475
Metabolism, bile salt, jejunoileal bypass following, for morbid obesity, 67
Mononucleosis, cytomegalovirus, transfusion-associated, 406
Myocardial revascularization, concomitant aortic valve replacement and, 713

N

Nerve injury, cranial, during carotid endarterectomy, 192
Nissen fundoplication, for reflux peptic esophagitis, 672
Nitrogen excretion, effect of carbohydrate and fat intake on, during total intravenous feeding, 417
Nutrition, parenteral, new amino acid source for, evaluation of a, 153
total parenteral, the effects of, on immunodepression due to malnutrition, 467

O

Obesity, morbid, jejunal intussusception following small bowel bypass for, 386
morbid, jejunoileal bypass for, bile sale metabolism following, 67
small bowel bypass for, gastrointestinal adaptation following, 642
Omentum, an account of its use in the reconstruction of the chest wall, 548
Oxygenator, microporous membrane, respiratory characteristics of a, 397

P

Pacemakers, permanent cardiac, factors influencing survival of patients with, 122
Pancreas, surgical treatment of cancer of the, and the periampullary region, cumulative results in 57 institutions in Japan, 52
Pancreatic ascites, endoscopic pancreatography in a patient with, preoperative demonstration of pancreatic fistula by, 232
Pancreatic cyst, the diagnosis of, by endoscopic retrograde pancreatography and ultrasonic scanning, 286
Pancreatic fistula, preoperative demonstration of, in a patient with pancreatic ascites, by endoscopic pancreatography, 232
Pancreatitis, acute, analysis of factors influencing survival, 43
Pancreatography, endoscopic retrograde, and ultrasonic scanning, the diagnosis of pancreatic cyst by, 286
Peptic ulcer recurrence, reoperation for postsurgical, appraisal of ten years experience, 169
Perforation, diverticulitis with, into the peritoneal cavity, 80
toothpick, of the intestines, 64
Perfusion, regional, chemotherapy of sarcomas of the limbs by, 555
Periampullary region, surgical treatment of cancer of the pancreas and the, cumulative results in 57 institutions in Japan, 52
Peripheral pulses, normal, gangrene of toes with, 269
Peritoneal cavity, perforation into the, diverticulitis with, 80
Peritonitis, enterocolitis with, in a child with pheochromocytoma, 448
Pheochromocytoma, peritonitis in a child with, enterocolitis, 448
Pheochromocytomas, simultaneous adrenal and cervical, in childhood, 273
Plasma, breast cyst fluid detectable in the, of breast carcinoma patients, evaluation of a, 279
Popliteal entrapment syndrome, 341
Porcine valves, mounted, seven year experience with, 717
Portal hypertension, modified distal spleno-renal shunt for, results of a, 224
Postsplenectomy mesenteric venous thrombosis, antithrombin III deficiency causing, coincident with thrombocytopenia, 229
Potency, sexual, following surgery for rectal carcinoma, 295
Pregnancy, breast cyst during, carcinoma arising in the wall of a, 247
Primary common duct stones, 598
Prosthetic tube, permanent indwelling, malignant esophago-respiratory fistulae by, palliation of, 88
Pulmonary and systemic arteries, bullet emboli in the, 318
Pulmonary embolism, chronic, surgical management of, 699
Pulmonary function and structure, progression and resolution of changes in, due to pulmonary microembolism and blood transfusion, 92
Pulmonary microembolism, pulmonary function and structure due to, progression and resolution of changes in, and blood transfusion, 92
Pyrimidines, fluorinated, protracted oral chemotherapy with, as an adjuvant to surgical treatment for stomach cancer, 462

R

Radionuclide, Leveen shunt potency, assessment of, 145

Rectal carcinoma, sexual potency following surgery for, 295
Reflux peptic esophagitis, Nissen fundoplication for, 672
Renal allograft recipients, HBs antigenemia in, 411
Renal failure, acute, following blunt civilian trauma, 301
Renal transplantation, ultrasound in, 441
Respiratory characteristics, of a microporous membrane oxygenator, 397
Rhesus monkeys, gastric emptying in, effect of 50% small bowel resection on, 214
Rib resection, for relief of thoracic outlet syndrome, 581

S

Sarcomas, chemotherapy of, of the limbs, by regional perfusion, 555
Septic shock, volume loading in patients in, cardiopulmonary effects of, 429
Sexual potency, following surgery for rectal carcinoma, 295
Skin, primary melanoma of, on the breast region, 17
Small bowel bypass, gastrointestinal adaptation following, for obesity, 642
jejunal intussusception following, for morbid obesity, 386
Smoke, burns, natural history, and the, of inhalation injury, in fire victims. A correlation of experimental and clinical data, 100
Splenectomy, gastric fistula following, its cause and prevention, 210
Splenectomy, the morbidity and mortality of, in childhood, 307
Steroid therapy, complications of, surgical management of, 251
Surgery, thyroid, pioneers in, 493
Surgical patients, essential fatty acid deficiency in, 535
Suture plication, proximal gastric vagotomy and, perforated duodenal ulcer managed by, 656

T

Thoracic outlet syndrome, in whiplash injury, 175
is rib resection necessary for relief of, 581
Thrombocytopenia, postsplenectomy mesenteric venous thrombosis coincident with, antithrombin III deficiency causing, 229
Thrombosis, postsplenectomy mesenteric venous, antithrombin III deficiency causing, coincident with thrombocytopenia, 229
Thyroid, carcinoma of the, management of, 133
Thyroid surgery, pioneers in, 493
Toes, gangrene of, with normal peripheral pulses, 269
Transhepatic bile drainage, percutaneous, 111
Transplantation, renal, ultrasound in, 441
Transplants, 100 sibling kidney, followed 2–7½ years, a multifactorial analysis, 196
Trauma, blunt civilian, acute renal failure following, 301
operative and accidental, association of a circulating immunosuppressive polypeptide with, 73
Tumor, vascularity, as a prognostic factor for hepatic tumors, 31

U

Ulcer, the surgically treated chronic gastric, an extended follow-up, 205
Ultrasonic scanning, endoscopic retrograde pancreatography and, the diagnosis of pancreatic cyst by, 286
Ultrasound, in renal transplantation, 441

V

Vascular deformities, congenital mixed, of the lower limbs, the relevance of lymphatic abnormalities to their diagnosis and treatment, 162
Vascularity, tumor, as a prognostic factor for hepatic tumors, 31
Volume loading, cardiopulmonary effects of, in patients in septic shock, 429

W

Whiplash injury, thoracic outlet syndrome in, 175
Wilms' tumor, the role of right hearted angiography in the management of selected cases, 451
Wound infection, postoperative, 264
Wound lavage, intraoperative antibiotic, an attempt to eliminate postoperative infection in arterial and clean surgical procedures, 634

Z

Zollinger-Ellison syndrome, special considerations, 661

Subject Index to Volume 186 (July–December 1977)

A

Allograft, human orthotopic liver, preservation, bile drainage and rejection, 282
modified venous, studies of the, 227
renal, pseudorejection: factors mimicking rejection in recipients, 51
Amino acids, intravenous, as the sole nutritional substrate in fasting humans, 60
Amino acid utilization, effects of carbohydrate and fat in fasting man, 518
Aneurysms, multiple myeotic, due to Candida endocarditis, 136
pancreaticoduodenal arterial, 111
Angina, abdominal, splanchnic blood flow in patients before and after arterial reconstruction, 216
Antibiotics, preoperative oral, in the reduction of septic complications of colon operations, 251
Antrectomy, effect of, on gastric hypersecretion induced by distal small bowel resection, 83
Aorta, ascending, to bilateral femoral artery graft via a ventral subcutaneous route, 210
Arterial heterografts, bovine, successful renal vein reconstruction with, 749
Arterial reconstruction, abdominal angina before and after, splanchnic blood flow in patients with, 216
Arterial stenoses, multiple subcritical, 663
Aspergilloma, pulmonary, surgical treatment of, 13
Atherosclerosis, chronic visceral ischemia caused by, revascularization methods in, 468
Atresia, esophageal, esophageal function following repair of, 436

B

Bacteremia, bacteroides, 559
cardiac depression in, 74
Bacteroides bacteremia, 559
Blood flow, human renal allograft, and early renal function, 564
splanchnic, in patients with abdominal angina before and after arterial reconstruction, 216
Bowel, distal small, effect of antrectomy on gastric hypersecretion induced by resection, 83
Breast cancer, minimal, 704
Burn patients, neutrophil chemotaxis in patients with, 746
Burned patients, a bacterially isolated environment for prevention of infection in, 377
Burn wound, influence on local and systemic responses to injury, 444
Bypass, gastric and jejunoileal, comparison of procedures for morbid obesity, 500

C

Cancer, breast, minimal, 704
screening for, 356
pancreaticoduodenal, radical resection for, 581
primary breast, evaluation of bone scans as screening procedures for occult metastases, 363
total pancreatectomy for, 675
Candida endocarditis, multiple mycotic aneurysms due to, 136
Carcinoma, colonic, comparison of the fecal microflora of Seventh-Day Adventists with individuals consuming a general diet, implications concerning, 97
esophageal, oral alimentation following intubation for, 759
metastatic, from occult primary tumors, 625
pancreatic and periampullary region, 730
renal cell, immune RNA therapy for, 459
Cardiac depression, in bacteremia, 74
Cerebral blood flow, correlation with outcome in head injured patients, 411
Cirrhosis, primary biliary, sclerosing cholangitis and, 589
Clitoroplasty, reduction, for clitoral hypertrophy, 221
Colitis, ulcerative, total colectomy and mucosal protectomy with preservation of continence in, 477
Colon operations, septic complications reduced by preoperative oral antibiotics in, 251
Cysts, choledochal, malignant tumors in, 22

D

Diabetes, genetically determined islet transplantation in, 401
Doppler examination, cerebrovascular, in patients with non-hemispheric symptoms, 190
Duodenal fat, the effect of serotonin on pepsin inhibition by, 130
Duodenal ulcer patients, fat induced jejunal inhibition

of gastric acid secretion in, before and after truncal vagotomy, 573

E

Endarectomy, carotid, improved results with, 334
Esophagus, function following repair of esophageal atresia, 436
Excelsior, a banner with the strange device, 772

F

Familial polyposis of coli, in black patients, 324
Fecal microflora, comparison of Seventh-Day Adventists with individuals consuming a general diet, implications concerning colonic carcinoma, 97
Fistula, aorta-caval, hematuria as a sign of, 766
5-Fluorouracil, intrahepatic infusion of, gastric ulceration in patients receiving, 734
Fungus infections, after liver transplantation, 115

G

Gastric acid secretion, fat induced jejunal inhibition of, in duodenal ulcer patients before and after truncal vagotomy, 573
Gastric hypersecretion, effect of antrectomy on, induced by distal small bowel resection, 83
Gastric outlet, division and repair of the sphincteric mechanism at, for emergency bleeding peptic ulcer operations, 723
Gastric sympathectomy, experimental, 762
Gastric ulceration, in patients receiving intrahepatic infusion of 5-Fluorouracil, 734
Gastrin, antral and duodenal, release of in response to an intestinal meal, 614
Gastrin, antral and duodenal, release of in response to an intestinal meal, 614
Gastrin response, after resection of the jejunum and ileum, 694
Genitalia, ambiguous, the child with, 272
Graft, bilateral femoral artery, ascending aorta to, via a ventral subcutaneous route, 201
femoral, comparison of axillo-bilateral to aortic-bilateral iliac, 123
subcutaneous bypass, for lower extremity ischemia, 177

H

Head injuries, correlation of cerebral blood flow with outcome in patients with, 411
Heart, *in vivo* canine, a fluorometric study of oxidative metabolism in, during acute ischemia and hypoxia, 193
Hematuria, as a sign of aorta-caval fistula, 766
Hemodialysis, arterio-venous access utilizing modified bovine arterial grafts for, 643
Heparin induced thrombocytopenia, 752
Hospitalization, organizations of fee-for-service physicians to achieve decreases in, potential of, 388
Hypersensitivity, delayed, indicator of acquired failure of host defenses in sepsis and trauma, 241
Hypothermic lung preservation functions, 711
Hypertrophy, clitoral, reduction clitoroplasty for, 221
Hypoxia, acute ischemia and, a fluorometric study of oxidative metabolism in the *in vivo* canine heart during, 193

I

Infarction, post-myocardial, ventricular septal defect following, surgery for, 260
Infections, fungus, after liver transplantation, 115
severe bacterial variations in adrenocortical responsiveness during, 29
Intravenous feeding, substrate interaction in, comparative effects of carbohydrate and fat on amino acid utilization in fasting man, 518
Intubation, oral alimentation following, for esophageal carcinoma, 759
Ischemia, and acute hypoxia, a fluorometic study of oxidative metabolism in the *in vivo* canine heart during, 193
cardiac, evaluation by NADH fluorescence photography, 737
chronic visceral, revascularization methods caused by atherosclerosis, 468
hand, rapid onset of unknown etiology, 184
lower extremity, subcutaneous bypass grafts for, 177
Ischemic leg, preservation by distal vascular bypass, 659
Islet transplantation, in genetically determined diabetes, 401

J

Jaundice, surgical, in infancy, 549
Jejunostomy, needle catheter feeding, postoperative nutritional support using, 165

K

Kidney homotransplantation, high dose (bolus) intravenous methylprednisolone at the time of, 631

L

Liver transplantation, fungus infections after, 115
Low dose heparin, frequency of bleeding and wound complications in surgical patients, 669
Lung preservation, hypothermic, functions, 711

Lung, uneven ventilation following trauma, 607
Lymphadenectomy prognostic factors for malignant melanoma, 635
Lymphocyte monitoring, as a predictor of renal allograft rejection, 568

M

Mallory-Weiss syndrome, 146
Melanoma, current management of, 1
malignant, prognostic factors in lymphadenectomy for, 635
malignant, biostatistical basis of elective node dissection for, 101
primary cutaneous, results of treatment of, 269 patients with, 201
surgical management of, 481
Metabolism, oxidative, a fluorometric study in the *in vivo* canine heart during acute ischemia and hypoxia, 193
Metastases, occult, evaluation of bone scans as screening procedures in primary breast cancer, 363
Methylprednisolone, high dose (bolus) intravenous, at the time of kidney homotransplantation, 631
Microflora, fecal, comparison of Seventh-Day Adventists with individuals consuming a general diet, implications concerning colonic carcinoma, 97
Modified bovine arterial grafts, arterio-venous access for hemodialysis, 643
Muscular ventricular septal defects, left ventriculotomy for closure of, 577

N

NADH fluorescence photography, evaluation of cardiac ischemia by, 737
Node dissection, biostatistical basis of elective, for malignant melanoma, 101
Neonatal small left colon syndrome, 741
Neutrophil chemotaxis in patients with burns, 746
Nutrition, parenteral, in the treatment of acute pancreatitis, 651

O

Obesity, morbid, comparison of gastric and jejunoileal bypass procedures for, 500
Occlusion, permanent transvenous balloon, of the inferior vena cava, 491
Oliguria, post-ischemic, renal decapsulation in the prevention of, 343
Oral alimentation, following intubation for esophageal carcinoma, 759

P

Palmar hyperhidrosis, and its surgical treatment, 34
Pancreas, carcinoma of, and periampullary region, 730
Pancreatectomy, regional, en bloc pancreatic, portal vein and lymph node resection, 42
total, for cancer, 675
Pancreatic juice, surgical suture disintegration on exposure to, 718
Pancreaticoduodenal arterial aneurysms, 111
Pancreaticoduodenal cancer, radical resection for, 581
Pancreatitis, acute, parenteral nutrition for treatment, 651
Parathyroid re-exploration, 140
Pepsin inhibition, the effect of serotonin on, by duodenal fat, 130
Peptic ulcer disease, in the renal transplant patient, treatment of, 17
Periampullary region, carcinoma of, and pancreas, 730
Plasma insulin, and surgery I, 681
Plasma insulin, and surgery II, 687
Post-cholecystectomy pain, transampullary septectomy for, 415
Prostheses, arterial, platelet consumption by, 594
Prosthesis, Starr-Edwards and Hancock, valve replacement with, 301
Starr-Edwards cloth-covered steel ball, valve replacement in 1375 patients, 310
Pseudorejection, in renal allograft recipients, factors mimicking rejection in, 51

R

Renal allograft fracture, 700
pseudorejection: factors mimicking rejection in recipients, 51
Renal decapsulation, in the prevention of post-ischemic oliguria, 343
Renal function, human renal allograft blood flow and, 564
Renal transplantation, effect of serum ALG concentrations on results following, 619
Renal transplant, patient, treatment of peptic ulcer disease in, 17
when third rejection episode should be treated, 104
Resection, jejunum and ileum, gastrin response after, 694
RNA therapy, immune, for renal cell carcinoma, 459

S

Sclerosing cholangitis, and primary biliary cirrhosis, 589
Septectomy, transampullary, for post-cholecystectomy pain, 415

Serotonin, the effect on pepsin inhibition by duodenal fat, 130
Serum ALG concentrations, effect on results following renal transplantation, 619
Shock, endotoxic and septic, anatomic arterial-venous shunting in dogs, 171
Shunting, anatomic arterial-venous, in endotoxic and septic shock in dogs, 171
Sphincteric mechanism, division and repair at the gastric outlet for emergency bleeding peptic ulcer operations, 723
Surgery, in 1776
Surgical competence, in a changing world, presidential address, 233
Surgical sutures, disintegration on exposure to pancreatic juice, 718
Sympathectomy, experimental gastric, 762
Syndrome, neonatal small left colon, 741

T

Thin needle cholangiography, 602
Thrombocytopenia, heparin induced, 752
Thromboembolism, venous, epidemiology of, 149
Thrombosis, deep venous, clinical vascular laboratory diagnosis of, 213
Transplant, renal when third rejection episode should be treated, 104
Transplantation, liver, fungus infections after, 115
Transplants, renal, impact of 1000 at one center, 424
Trauma, burn, changes in humoral components of host defense following, 88
malignant, in choledochal cysts, 22
occult primary, metastatic carcinomas from, 625

U

Ulcer, duodenal, acid and endocrine responses to meals varying in pH, comparison of normal and ulcer subjects, 541
Ulceration, gastric, in patients receiving intrahepatic infusion of 5-fluorouracil, 734

V

Vagotomy, proximal gastric, compared with vagotomy and antrectomy and selective gastric vagotomy and pyloroplasty, 510
truncal, fat induced jejunal inhibition of gastric acid secretion in duodenal ulcer patients before and after, 573
Valve replacement, with the Starr-Edwards and Hancock prostheses, 301
with the Starr-Edwards cloth-covered steel ball prosthesis, in 1375 patients, 310
Varices, bleeding, control by vasopressin, 369
Vascular bypass, distal, for preservation of the ischemic leg, 659
Vasopressin, for control of bleeding varices, 369
Vein, renal, reconstruction with bovine arterial heterografts, 749
Vena cava, inferior, permanent transvenous balloon occlusion of, 491
Ventriculotomy, left, for closure of muscular ventricular septal defects, 577

INDEX

Vol. 186 JULY–DECEMBER 1977
